# More Than a Smile— It's a Transformation

## **Veneers & Full Smile Makeovers at brush365**

One of our greatest honors is helping clients transform their smile and confidence through veneers and full smile makeovers.

This isn't just cosmetic dentistry. This is relationship-based, personalized artistry.

Let us walk you through how we do things—because it's not rushed, not one-size-fits-all, and not pieced together.

# What to Expect During Your Veneer Journey

**brush365<sup>®</sup>**  
DENTISTRY WITH INTEGRITY

## Consultation

We scan, take photos, and plan your dream smile together.

## Smile Test Drive

Try on a temporary version of your new smile before anything is permanent.

## Veneer Seat

Once you love it, we bond the final veneers with care and precision.

## Follow-Up & Nightguard

We check your bite, deliver your nightguard, and celebrate your new smile!

# What's Your Smile Style?

Your smile should reflect you. Whether you love something soft and natural or bold and Hollywood-bright, we'll help you choose the style that fits your face—and your vibe.

Not sure what you like? That's okay! We'll show you different shapes, lengths, and shades so you can find the one that feels just right.

Classic. Confident. Custom. Just like you.

Improve Your Smile  
And Change Your Life

DENTISTRY WITH INTEGRITY

# What Is a Full Smile Makeover?

A full smile makeover with veneers is a personalized transformation using ultra-thin porcelain shells to enhance the look, function, and feel of your smile.

More than just cosmetic, veneers can restore teeth that are *worn, chipped, uneven, or discolored*—while also improving bite balance, speech clarity, and overall confidence. Each veneer is custom-designed to match your facial features, smile goals, and lifestyle.

This treatment is ideal for clients who want:

- A brighter, more vibrant smile
- Improved symmetry and proportion
- Restoration of worn or damaged teeth
- Functional comfort when chewing or speaking

Veneers don't just change how you look.

They change how you feel—about eating, speaking, smiling, and showing up as your best self.

# Restore Function. Reclaim Confidence.

*Years of wear, missing teeth, and old dental work left this client unable to chew comfortably—and hesitant to smile.*

We rebuilt their entire smile using a combination of veneers, crowns, and implants. Every detail was designed for both strength and beauty—from bite alignment to natural shade matching.

I feel like myself again—confident, comfortable, and able to eat without worry. It's more than a new smile—it's a whole new feeling

Refine Your Smile  
Redefine Your Story

# Porcelain Veneers with Gum Recontouring

*Sometimes it's not just the teeth—it's the gumline that affects how your smile looks and feels.*

This treatment combines custom-designed porcelain veneers with gentle gum recontouring to enhance both tooth shape and the way your smile is framed. We carefully sculpt the gums to improve symmetry, reduce excess gum display, and reveal more of your natural teeth—then finish the transformation with veneers that are shaped, shaded, and sized just for you.

*It's a complete transformation—one that looks natural, feels comfortable, and brings true harmony to your entire smile.*

# Refined. Balanced. Complete.

This client came in with a common concern: small, uneven teeth and gaps that made their smile look unfinished. With custom veneers, we closed the spaces, refined the shape of each tooth, and created a smooth, balanced smile that now fits their face perfectly.

*It's a subtle change—but it transformed everything.*

# Frequently Asked Questions

## **Do veneers hurt?**

- Not at all. We use local anesthesia during prep, and most patients feel little to no discomfort during or after the procedure. We also offer comfort amenities like laughing gas and cozy blankets.

## **How long do veneers last?**

- With proper care (and a custom nightguard), veneers can last 10 years or more. We design them for long-term strength and beauty.

## **Will my teeth be shaved down?**

- We take a conservative approach—only minimal reshaping is done, just enough to ensure a perfect fit and natural look.

## **Will they look natural?**

- Yes! Each veneer is custom-designed to match your face shape, features, and goals. Most people won't even realize you have veneers—they'll just notice your great smile.

# Frequently Asked Questions (continued)

## How many veneers do I need?

- It depends on your smile goals. Some clients get 2-4 veneers to fix a few teeth; others opt for 8-12 for a full smile makeover. We'll guide you during your consultation.

## What happens if one breaks?

- Veneers are strong, but like natural teeth, they can chip with trauma. If one breaks, we can usually replace it without needing to redo the entire smile.

## Do I need a nightguard?

- Yes! We strongly recommend a custom nightguard to protect your investment, especially if you grind or clench. It helps extend the life of your veneers and keeps your bite stable.

## How often should I visit the dentist after getting veneers?

- Just like natural teeth, veneers need regular care. We recommend visiting the dentist every 3-6 months for cleanings and check-ups. These visits help us monitor your veneers, ensure your gums stay healthy, and catch any issues early—so your smile lasts as long as possible.

# Payment Options for Veneers

We believe everyone deserves a confident, radiant smile—without financial stress. That's why we offer flexible payment solutions to fit your lifestyle:

- Pay in Full & Save
  - Receive a 5% courtesy discount when you pay in full at the start of treatment.
- Insurance-Friendly
  - We honor in-network rates for all major PPO insurance plans, so you get the maximum benefit available.
- 0% Interest Financing with CareCredit
  - Get 6 months of interest-free payments with \$0 down through our trusted partner, CareCredit.
- In-House Payment Plans
  - Prefer to keep it simple? We offer in-house financing with a 40% deposit and the balance spread over 4–6 months with no interest.

We'll help you find the option that works best for you—because your dream smile should be as accessible as it is beautiful.

Some investments change your finances. This one changes your life.

Veneers are more than cosmetic. They're transformational. And the confidence you gain is priceless.

## READY FOR YOUR SMILE TRANSFORMATION?

*You deserve a smile that feels like you—  
confident, balanced, and beautifully your own.*
